

NCQA PATIENT-CENTERED CONNECTED CARE RECOGNITION PROGRAM PRICING

Standard Survey Pricing (First surveys and Renewals)

The **Standard Survey** price is the fee for eligible providers undergoing the process for the first time and at the time of renewal. Pricing is based on the number of sites brought forward for each recognizable entity:

- \$1,500 per site for the first 50 sites.
- \$750 per site for sites 51 – 500 sites.
- \$0 for sites 501+ (cap).

A **nonrefundable** Application Fee totaling 10% of the total survey costs is due at the time of application for each recognizable entity.

Expansion Survey Pricing

An **Expansion Survey** is required when a provider wants to add additional sites to an existing recognition status during the three-year recognition period. Expansion Surveys do not require a new Survey Tool; NCQA provides a Survey Tool based on the previous submission. Fees are as follows:

- \$1500 for each additional site up to 50 sites.
- \$750 per site for sites 51–500.

Example:

A provider with 45 recognized sites wants to add 10 additional sites; NCQA considers these sites 46 through 55. The total price for adding the sites:

...sites 46 through 50:	$\$1500 * 5 = \7500
...sites 51 through 55:	$\underline{\$750 * 5 = \$3750}$
Total:	\$11,250

Fees are capped at 500 sites; there is no charge for sites above the cap. The cap includes Recognized sites in the initial survey and sites in the Expansion Survey. An Expansion Survey does not extend the recognition period.

Resurvey

Providers that receive a decision of Not Recognized may undergo a **Resurvey** to reapply for recognition. Resurveys must be submitted within 12 months of receiving the initial denial. The fee is \$750 per site.

Reconsideration

A provider may seek **Reconsideration** of a recognition status decision, as described in the *Policies and Procedures*. A fee of \$500 per site will be charged, payable when the provider requests Reconsideration.

Survey Tool and Publication Pricing

Pricing for the Survey Tool and publication is based on the number of unique users.

The **publication** includes policies and procedures, requirements to meet the standards, as well as explanations and examples. E-pubs are protected Microsoft Word documents easily downloaded via the Web.

Publication	Single User	2–4 Users	5–10 Users	11–20 Users
Standards & Guidelines (e-pub)	\$50	\$140	\$330	\$600

The **Survey Tool** includes all information needed to prepare and submit materials for an NCQA review. A Survey Tool is necessary for Patient-Centered Connected Care Survey submission.

Publication	Single User	2–4 Users	5–10 Users	11–20 Users
Survey Tool (online) ¹	\$80	\$220	\$520	\$960

¹Necessary to purchase for PCCC Survey submission. Not included in survey fees.

Changes to Policy

NCQA reserves the right, at its sole discretion, to revise this Exhibit A at any time to change the cap for the number of sites for each recognizable entity with 90 days notice.
