

Health Information Products (HIP) Certification

Starting July 1, 2014, NCQA will certify Health Appraisal and Self-Management Tools through the Wellness and Health Promotion (WHP) standards and guidelines. Organizations listed below that are currently Certified through the Health Information Product (HIP) standards and guidelines and have applied for recertification in one or both of these categories are scheduled for their next review under the WHP standards and guidelines; therefore, the Next Review Date is listed as Not Scheduled on the HIP report card below for Health Appraisal and Self-Management Tools.
