NCQA Corrections, Clarifications and Policy Changes to the 2013 PHQ Standards and Guidelines

July 27, 2020

This document includes the corrections, clarifications and policy changes to the 2013 PHQ standards and guidelines. NCQA has identified the appropriate page number in the printed publication and the standard and head/subhead for each update. Updates have been incorporated into the Interactive Survey System (ISS). NCQA operational definitions for correction, clarification and policy changes are as follows:

- A **correction (CO)** is a change made to rectify an error in the standards and guidelines.
- A **clarification (CL)** is additional information that explains an existing requirement.
- A **policy change (PC)** is a modification of an existing requirement.

An organization undergoing a survey under the 2013 PHQ standards and guidelines must implement corrections and policy changes within 90 calendar days of the ISS release date, unless otherwise specified. The 90-calendar-day advance notice does not apply to clarifications or FAQs, because they are not changes to existing requirements.

<td>4-1</td>
<td>Appendix 4</td>
<td>Use of Performance-Based Designation Programs</td>
<td>Revise the paragraph to read: There are a variety of nationally recognized performance-based designation programs for physician measurement. Organizations may incorporate physician participation in these programs as a quality measure in their own physician measurement programs. The organization’s program methodology must specify how it makes use of the programs, including the time frame during which a physician is recognized by or otherwise participates in the program. That period is considered the “measurement year” for the purposes of this appendix. For example, “For ABC Health Plan’s 2021 Star Network, credit is given if a physician is NCQA PCMH Recognized any time from January 1–December 31, 2019.” In this case, the measurement year (MY) is 2019. Because the number of standardized quality measures in each program is known, organizations do not need to provide documentation of measurement specifications. Organizations must complete the measure workbook and indicate how they use the designation to take action. The composition of the following performance-based designation programs changes periodically; NCQA will update this appendix as needed and will include effective and expiration dates of performance-based designation programs based on the measurement year for which they may be used. If an organization uses a program for more than one measurement year, and the number of measures changed during the interval, the organization receives credit for the program one time for the version that has the greater number of standardized measures. Organizations enter only that single program in the worksheet.</td>

</thead>
</table>
| 13   | Policies and Procedures—Section 1: Eligibility and the Application Process | Applying for an NCQA Survey—Processing criteria | Replace the text with the following: NCQA only processes a complete application, which includes:  
- The application for NCQA Physician and Hospital Quality Certification Survey.  
- A signed Agreement for NCQA Physician and Hospital Quality Certification Survey ("the Agreement").  
- A signed Business Associate Agreement.  
- The application fee.  
**Note:** The signed legal agreements establish the terms and conditions that all organizations must accept to participate in the survey, and that will apply for the length of the Certification. NCQA does not accept edits to the Agreements unless state or other applicable law requires modifications. An organization that has a legal conflict with a term or provision may submit to NCQA for review and consideration of a waiver or revision. Requests must be submitted with evidence of the legal conflict at least 12 months before the requested survey date and must be approved by NCQA. Signed Agreements will remain in effect for resurveys and any subsequent renewals. An organization may be required to resign the legal agreements if there is lapse in its Certification status. | CL | 3/30/2020 |

</tr>
</thead>
</table>
| 21   | Policies and Procedures—Section 2 | Add-On Survey | Add the following immediately after the Add-On Survey subhead and text: **Expedited Survey**  
Although an organization with Denied Certification status may not reapply for accreditation/certification until one year from the date of the Denied status, there are certain circumstances under which an organization may apply for a new Certification Survey in less than a year. These surveys are called **Expedited Surveys**.  
An Expedited Survey is a full-scope survey. The look-back period for an Expedited Survey is six months. The organization is reviewed against the standards and guidelines in effect at the time of the Expedited Survey. The organization must provide documentation for all requirements; documentation may have been submitted previously or may be new.  
The organization may bring forward new programs that were not included in the original submission.  
To qualify for an Expedited Survey, the organization must first submit a written request listing the steps it has taken to address the substantive issues that led to Denied Certification status.  
Upon receiving an organization’s request, NCQA may, at its sole discretion, grant a request for an Expedited Survey in less than one year, in the following circumstances:  
• The organization demonstrates to NCQA’s satisfaction that it can resolve the issues identified in the original survey in less than one year and that the correction of the issues would raise the organization’s certification status in a new survey.  
• There are licensure or regulatory consequences associated with Denied Certification status. | PC | 7/29/13 |
| 23   | Policies and Procedures—Section 2: The Certification Process | Reporting Certification Status to the Public—Right to release and publish | Revise the third paragraph to read:  
NCQA publicly reports Denied status for one year or until the status is replaced as the result of another survey. An organization that dissolves or ceases to exist is removed from public reporting. | PC | 7/29/19 |
| 23   | Policies and Procedures—Section 2: The Certification Process | Reporting Certification Status to the Public—Right to release and publish | Add the following as the fourth paragraph:  
NCQA publicly reports expired status and that the organization was previously Certified and has chosen not to undergo a survey to renew its status or the organization has chosen to withdraw its status before expiration of its Certification cycle. | PC | 11/25/19 |

</table>
| 35   | Policies and Procedures—Section 4 | Complaint Review Process | Add the following before the *Discretionary Survey* subhead: **Complaint Review Process**  
NCQA accepts written complaints from patients, members or practitioners regarding accredited or certified organizations. Upon receipt of such a complaint, NCQA will:  
1. Review the complaint to determine that the organization referenced is NCQA Accredited or NCQA Certified.  
2. Determine if the complaint is germane to the organization’s NCQA Accreditation or NCQA Certification.  
3. Obtain an authorization for disclosure of PHI to NCQA to investigate if the complaint involves a quality of care issue or other matters involving PHI.  
4. Forward the complaint to the organization with a request that the organization review and respond directly to the individual filing the complaint within 30 calendar days, and copy NCQA on the response.  
5. Review the organization’s response to determine whether the complaint was handled in accordance with NCQA requirements and that all issues raised in the complaint have been addressed. Failure to comply with NCQA’s complaint review process is grounds for suspension or revocation of accreditation or certification status. | PC | 7/28/14 |
| 35   | Policies and Procedures—Section 4 | Reporting Hotline for Fraud and Misconduct—How to Report | Replace the “English-speaking USA and Canada” toll free telephone number with **844-440-0077**. | CO | 11/20/17 |

| 35   | Policies and Procedures— Section 5 | Additional Information | Add after the Complaint Review Process section: **Reporting Hotline for Fraud and Misconduct**  
NCQA does not tolerate submission of fraudulent, misleading or improper information by organizations as part of their survey process or for any NCQA program.  
NCQA has created a confidential and anonymous Reporting Hotline to provide a secure method for reporting perceived fraud or misconduct, including submission of falsified documents or fraudulent information to NCQA that could affect NCQA-related operations (including, but not limited to, the survey process, the HEDIS measures and determination of NCQA status and level).  
**How to Report**  
- **Toll-Free Telephone:**  
  – English-speaking USA and Canada: 855-840-0070 (not available from Mexico).  
- **Web Site:** [https://www.lighthouse-services.com/ncqa](https://www.lighthouse-services.com/ncqa)  
- **E-Mail:** reports@lighthouse-services.com (must include NCQA’s name with the report).  
- **Fax:** 215-689-3885 (must include NCQA’s name with the report). | PC | 7/27/15 |
| 36   | Policies and Procedures— Section 4 | Reporting Hotline for Fraud and Misconduct | Add a new section, “Notifying NCQA of Reportable Events”, after the subhead.  
See the attached Policies and Procedures to review the section, which includes the definition of Reportable Events, the process for notifying NCQA of Reportable Events and a description of the investigative process that NCQA may initiate following a Reportable Event. | PC | 11/20/17 |
| 36   | Policies and Procedures— Section 4: Additional Information | Notifying NCQA of Reportable Events | Revise the third subbullet under the first bullet to read:  
Request for corrective action where the substance of such corrective action relates to the organization’s handling of important patient safety matters. | CL | 7/29/2019 |
| 36   | Policies and Procedures— Section 4: Additional Information | Notifying NCQA of Reportable Events— Annual Attestation of Compliance With Reportable Events | Revise the second sentence in the second paragraph to read:  
Submit Reportable Events via email to ReportableEvents@ncqa.org and annual attestations electronically to Attestations@ncqa.org, by fax to 202-955-3599 or by mail to the address below: | CL | 7/30/2018 |

</table>
| 37   | Policies and Procedures—Section 4    | Discretionary Survey     | Revise the Discretionary Survey section to read: NCQA may survey an organization while a certification status is in effect. This survey is called a **Discretionary Survey** and its purpose is to validate the appropriateness of the organization’s ongoing certification. **Structure** NCQA determines the scope and content of Discretionary Surveys, which may consist of one or more of the following:  
  - An offsite document review.  
  - An onsite survey.  
  - A teleconference.  
**Target** Discretionary Surveys address issues regarding the organization’s continued performance against NCQA’s standards and other considerations that may pose an imminent threat to members. During a discretionary review, an accredited organization will be reviewed under the NCQA standards in effect at the time of the discretionary review. The Discretionary Survey may include file review (encompassing a sample of consumer complaint files or physician requests for changes, as appropriate) and interviews with organization staff. Any relevant look-back period for file review standards will be determined at the time of the Discretionary Survey and may or may not reflect the full look-back period identified in the standards.  
**Time frame** The Discretionary Survey is generally conducted within 60 calendar days of notification by NCQA of its intent to conduct a Discretionary Survey. Discretionary Survey costs are borne by the organization and correspond to the complexity and scope of the Discretionary Survey and NCQA pricing policies in effect at the time of the Discretionary Survey. | PC             | 11/21/16          |

</table>
| 67   | PQ 3, Element D  | Look-back period | Revise the first paragraph to read:  
For Initial Surveys: NCQA reviews a sample of files for complaints received by the organization within 6 months prior to the survey date.  
For Renewal Surveys: NCQA reviews a sample of files for complaints received by the organization within 24 months prior to the survey date, or beginning after the completion of the prior survey. 
Note: The revised look-back period are effective beginning January 1, 2016. | PC | 7/27/15 |
| 67   | PQ 3, Element D  | Explanation—Exceptions | Add the following as the third bullet:  
• If the organization does not display physician performance information for its pay-for-performance program. | CL | 7/29/13 |
| 68   | PQ 4, Element A  | Explanation | Add the following before Soliciting physician input on measure selection: 
Soliciting consumer input on measure selection  
The organization solicits input from consumers or consumer representatives about the development of measures or measurement activities that the organization may be able to use in its physician measurement program. The solicitation addresses at a minimum measures to include in the program and how information about physicians should be reported to help understand what is useful and understandable to consumers. The organization may solicit input from several individual consumers or consumer groups. The organization may communicate with consumers or consumer groups through face-to-face meetings, conference calls or through surveys or direct mail. A consumer is defined as a non-health care professional who has or would utilize health care services. A consumer group is defined as an organization that advocates for people who are actual or potential users of healthcare services. | CL | 11/17/14 |
| 69   | PQ 4, Element A  | Examples | Add the following before the Soliciting feedback subhead:  
Consumer groups  
• American Association of Retired People  
• Consumers Union  
• National Partnership for Women & Families  
• Child Welfare League of America | CL | 11/17/14 |
