

HEDIS MEASUREMENT YEAR 2023 VOLUME 2

SUMMARY TABLE OF MEASURES, PRODUCT LINES AND CHANGES

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
Retired Measures				<ul style="list-style-type: none"> • Breast Cancer Screening (BCS)*. • Annual Dental Visit (ADV). • Frequency of Selected Procedures (FSP). • Flu Vaccinations for Adults Ages 18–64 (FVA). • Flu Vaccinations for Adults Ages 65 and Older (FVO). • Pneumococcal Vaccination Status for Older Adults (PNU). <p><i>*Only the BCS-E measure will be reported.</i></p>
General Guidelines for Data Collection and Reporting	✓	✓	✓	<ul style="list-style-type: none"> • Removed <i>General Guideline 5: Model Type/Mixed Model Type</i> and renumbered subsequent guidelines. • Removed <i>General Guideline 14: Employer Specific Reports</i> and renumbered subsequent guidelines. • Updated <i>General Guideline 16: Deceased Members</i> (formerly General Guideline 18). • Updated <i>General Guideline 31: Race and Ethnicity Stratification</i> (formerly General Guideline 33). • Added <i>General Guideline 32: Medicare Socioeconomic Status Stratification</i> (formerly Effectiveness of Care Guideline). • Revised <i>General Guideline 44: Visits that Result in an Inpatient Stay</i> to clarify that visits resulting in an inpatient stay are now identified based on visit date of service and inpatient stay dates of service (formerly General Guideline 45). • Removed references to optional exclusions.
Guidelines for Calculations and Sampling	✓	✓	✓	<ul style="list-style-type: none"> • Updated Table 1: Sample Size Information for Hybrid Measures and guidance for reducing sample sizes for measures with multiple stratifications. • Updated the HEDIS MY 2023 RAND Table for Measures Using the Hybrid Method. • Removed references to “optional exclusions,” including the three approaches to using optional exclusions in data collection.

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
Guidelines for Allowable Adjustments of HEDIS	✓	✓	✓	<ul style="list-style-type: none"> • Updated <i>Guideline 4: Exclusions</i> to remove optional exclusions. • Updated <i>Guideline 7: Measurement Period Adjustments</i>. • Revised <i>Guideline 12: Measures With Special Considerations for Allowable Adjustments</i> to remove first-year measures from the list of measures that cannot be adjusted. • Updated <i>Guideline 13: Allowable Adjustments to Risk Adjusted Utilization Measures</i> to allow modification of the measurement period for only 1 year.
EFFECTIVENESS OF CARE				
Guidelines for Effectiveness of Care	✓	✓	✓	<ul style="list-style-type: none"> • Removed references to optional exclusions. • Removed the guideline for SES Stratification; this text has been moved to the <i>General Guidelines for Data Collection and Reporting</i> as <i>General Guideline 32: Medicare Socioeconomic Status Stratification</i>.
Weight Assessment and Counseling for Nutrition and Physical Activity for Children/Adolescents (WCC)	✓	✓		<ul style="list-style-type: none"> • Revised the optional exclusion for pregnant members to be a required exclusion. • Replaced the reference to “female members” with “members” in the required exclusions. • Added a required exclusion for members who died during the measurement year. • Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. • Revised the “Exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Childhood Immunization Status (CIS)	✓	✓		<ul style="list-style-type: none"> • Added anaphylaxis to a vaccine to select numerators. • Added a required exclusion for members who died during the measurement year. • Removed seropositive test results from the numerator criteria in the hybrid specification. • Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. • Revised the “Required Exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Immunizations for Adolescents (IMA)	✓	✓		<ul style="list-style-type: none"> • Added instructions to report rates stratified by race and ethnicity for each product line. • Added a required exclusion for members who died during the measurement year. • Added new data elements tables for race and ethnicity stratification reporting. • Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
				<ul style="list-style-type: none"> Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Lead Screening in Children (LSC)		✓		<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Cervical Cancer Screening (CCS)	✓	✓		<ul style="list-style-type: none"> Revised the optional exclusions for hysterectomy with no residual cervix, cervical agenesis or acquired absence of cervix to be required exclusions. Added a required exclusion for members who died during the measurement year. Added a direct reference code for palliative care. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Colorectal Cancer Screening (COL)	✓	✓	✓	<ul style="list-style-type: none"> Revised the optional exclusions for colorectal cancer and total colectomy to be required exclusions. Added a required exclusion for members who died during the measurement year. Updated the number of occurrences required for the frailty cross-cutting exclusion. Added a direct reference code for palliative care. Updated the Hybrid Specification to indicate that sample size reduction is allowed. Revised the medical record criteria for a completed colonoscopy. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Chlamydia Screening in Women (CHL)	✓	✓		<ul style="list-style-type: none"> Revised the optional exclusions for pregnancy test to be step 3 of the event/diagnosis criteria. Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.

4 Summary Table of Measures, Product Lines and Changes

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
				<ul style="list-style-type: none"> Revised the “Exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Care for Older Adults (COA)			<ul style="list-style-type: none"> ✓ (SNP and MMP only) 	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Oral Evaluation, Dental Services (OED)		<ul style="list-style-type: none"> ✓ 		<ul style="list-style-type: none"> This is a first-year measure.
Topical Fluoride for Children (TFC)		<ul style="list-style-type: none"> ✓ 		<ul style="list-style-type: none"> This is a first-year measure.
Appropriate Testing for Pharyngitis (CWP)	<ul style="list-style-type: none"> ✓ 	<ul style="list-style-type: none"> ✓ 	<ul style="list-style-type: none"> ✓ 	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Removed the <i>Note</i> from the “Event/diagnosis” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Use of Spirometry Testing in the Assessment and Diagnosis of COPD (SPR)	<ul style="list-style-type: none"> ✓ 	<ul style="list-style-type: none"> ✓ 	<ul style="list-style-type: none"> ✓ 	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Removed the <i>Note</i> from the “Event/diagnosis” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Pharmacotherapy Management of COPD Exacerbation (PCE)	<ul style="list-style-type: none"> ✓ 	<ul style="list-style-type: none"> ✓ 	<ul style="list-style-type: none"> ✓ 	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
				<ul style="list-style-type: none"> Removed the first bulleted <i>Note</i> from the “Event/diagnosis” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Asthma Medication Ratio (AMR)	✓	✓		<ul style="list-style-type: none"> Added instructions to report rates stratified by race and ethnicity for each product line. Clarified in the “Event/diagnosis” criteria that required exclusions are not a step. Added a required exclusion for members who died during the measurement year. Removed “Dyphylline Guaifenesin Medications Lists” from the Asthma Controller Medications table. Added new data elements tables for race and ethnicity stratification reporting. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Removed the <i>Note</i> from the “Event/diagnosis” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Controlling High Blood Pressure (CBP)	✓	✓	✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Replaced the reference of “female members” to “members” in the required exclusions. Added a direct reference code for palliative care. Revised the optional exclusions to be required exclusions. Updated the number of occurrences required for the frailty cross-cutting exclusion. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Persistence of Beta-Blocker Treatment After a Heart Attack (PBH)	✓	✓	✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised optional exclusions to be required exclusions. Updated the number of occurrences required for the frailty cross-cutting exclusion. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
				<ul style="list-style-type: none"> Removed the <i>Note</i> from the “Event/diagnosis” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Statin Therapy for Patients With Cardiovascular Disease (SPC)	✓	✓	✓	<ul style="list-style-type: none"> Clarified in the “Event/diagnosis” criteria that required exclusions are not a step. Replaced the reference to “female members” with “members” in the pregnancy required exclusion. Added a required exclusion for members who died during the measurement year. Added a direct reference code for palliative care. Updated the number of occurrences required for the frailty cross-cutting exclusion. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Cardiac Rehabilitation (CRE)	✓	✓	✓	<ul style="list-style-type: none"> Clarified in the “Event/diagnosis” criteria that required exclusions are not a step. Added a required exclusion for members who died during the measurement year. Added a direct reference code for palliative care. Updated the number of occurrences required for the frailty cross-cutting exclusion. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Hemoglobin A1c Control for Patients With Diabetes (HBD)	✓	✓	✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Added a direct reference code for palliative care. Updated the number of occurrences required for the frailty cross-cutting exclusion. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Blood Pressure Control for Patients With Diabetes (BPD)	✓	✓	✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Added a direct reference code for palliative care. Updated the number of occurrences required for the frailty cross-cutting exclusion.

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
				<ul style="list-style-type: none"> Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Eye Exam for Patients With Diabetes (EED)	✓	✓	✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Added a direct reference code for palliative care. Updated the number of occurrences required for the frailty cross-cutting exclusion. Added a <i>Note</i> to clarify that an eye exam result documented as “unknown” does not meet criteria. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Kidney Health Evaluation for Patients With Diabetes (KED)	✓	✓	✓	<ul style="list-style-type: none"> Revised the optional exclusions for polycystic ovarian syndrome, gestational diabetes or steroid-induced diabetes to be required exclusions. Added a required exclusion for members who died during the measurement year. Added a direct reference code for palliative care. Updated the number of occurrences required for the frailty cross-cutting exclusion. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Statin Therapy for Patients With Diabetes (SPD)	✓	✓	✓	<ul style="list-style-type: none"> Revised the optional exclusions for polycystic ovarian syndrome, gestational diabetes or steroid-induced diabetes to be required exclusions. Replaced the reference to “female members” with “members” in the required exclusions. Added a required exclusion for members who died during the measurement year. Simplified the required exclusion language for cardiovascular events and diagnoses. Added a direct reference code for palliative care. Updated the number of occurrences required for the frailty cross-cutting exclusion. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
				<ul style="list-style-type: none"> Revised the “Exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Removed the <i>Note</i> from the “Event/diagnosis” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Osteoporosis Management in Women Who Had a Fracture (OMW)			✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Added a direct reference code for palliative care. Updated the number of occurrences required for the frailty cross-cutting exclusion. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Osteoporosis Screening in Older Women (OSW)			✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Added a direct reference code for palliative care. Removed I-SNP and LTI Flag exclusions. Updated the number of occurrences required for the frailty cross-cutting exclusion. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Diagnosed Mental Health Disorders (DMH)	✓	✓	✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Antidepressant Medication Management (AMM)	✓	✓	✓	<ul style="list-style-type: none"> Revised age criteria to require 18 years and older as of the IPSPD. Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
				<ul style="list-style-type: none"> Removed the <i>Note</i> from the “Event/diagnosis” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Follow-Up Care for Children Prescribed ADHD Medication (ADD)	✓	✓		<ul style="list-style-type: none"> Added instructions for calculating covered days. Replaced “discharge date” with “admission date” in step 4 of the event/diagnosis in both Rate 1 and Rate 2. Modified medication lists to make them compatible with digital measure formatting. Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Follow-Up After Hospitalization for Mental Illness (FUH)	✓	✓	✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Follow-Up After Emergency Department Visit for Mental Illness (FUM)	✓	✓	✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Diagnosed Substance Use Disorders (DSU)	✓	✓	✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Follow-Up After High Intensity Care for Substance Use Disorder (FUI)	✓	✓	✓	<ul style="list-style-type: none"> Replaced “detoxification” references with “withdrawal management.” Updated the <i>Note</i> under the numerator specification. Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
				<ul style="list-style-type: none"> Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Follow-Up After Emergency Department Visit for Substance Use (FUA)	✓	✓	✓	<ul style="list-style-type: none"> Added instructions to report rates stratified by race and ethnicity for each product line. Added eligible population instructions for ED visits followed by residential treatment. Added a required exclusion for members who died during the measurement year. Added new data elements tables for race and ethnicity stratification. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Pharmacotherapy for Opioid Use Disorder (POD)	✓	✓	✓	<ul style="list-style-type: none"> Revised age criteria to 16 years and older as of the treatment period start date. Added instructions to report rates stratified by race and ethnicity for each product line. Added guidance to identify start and end dates for OUD dispensing events and OUD medication administration events in step 3 of the event/diagnosis. Added a required exclusion for members who died during the measurement year. Added new data elements tables for race and ethnicity stratification reporting. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Diabetes Screening for People With Schizophrenia or Bipolar Disorder Who Are Using Antipsychotic Medications (SSD)		✓		<ul style="list-style-type: none"> Clarified in the “Event/diagnosis” criteria that required exclusions are not a step. Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Diabetes Monitoring for People With Diabetes and Schizophrenia (SMD)		✓		<ul style="list-style-type: none"> Revised the optional exclusions for polycystic ovarian syndrome, gestational diabetes or steroid-induced diabetes to be required exclusions. Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
				<ul style="list-style-type: none"> Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Cardiovascular Monitoring for People With Cardiovascular Disease and Schizophrenia (SMC)		✓		<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Adherence to Antipsychotic Medications for Individuals With Schizophrenia (SAA)	✓	✓	✓	<ul style="list-style-type: none"> Updated the number of occurrences required for the frailty cross-cutting exclusion. Clarified in the “Event/diagnosis” criteria that required exclusions are not a step. Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Removed the <i>Note</i> from the “Eligible population” and “Numerator” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Metabolic Monitoring for Children and Adolescents on Antipsychotics (APM)	✓	✓		<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Advance Care Planning (ACP)			✓	<ul style="list-style-type: none"> Added a direct reference code for palliative care. Added a required exclusion for members who died during the measurement year. Added the <i>Rules for Allowable Adjustments of HEDIS</i> section.
Transitions of Care (TRC)			✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
Follow-Up After Emergency Department Visit for People With Multiple High-Risk Chronic Conditions (FMC)			✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Added domiciliary/rest home visits to the numerator. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Non-Recommended Cervical Cancer Screening in Adolescent Females (NCS)	✓	✓		<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Non-Recommended PSA-Based Screening in Older Men (PSA)			✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Appropriate Treatment for Upper Respiratory Infection (URI)	✓	✓	✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Avoidance of Antibiotic Treatment for Acute Bronchitis/ Bronchiolitis (AAB)	✓	✓	✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Use of Imaging Studies for Low Back Pain (LBP)	✓	✓	✓	<ul style="list-style-type: none"> Added a direct reference code for palliative care. Added a required exclusion for members who died during the measurement year. Updated the number of occurrences required for the frailty cross-cutting exclusion.

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
				<ul style="list-style-type: none"> Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Potentially Harmful Drug-Disease Interactions in Older Adults (DDE)			✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Updated the Rate 3 value set to <u>Total Nephrectomy Value Set</u>. Added a direct reference code for palliative care. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Use of High-Risk Medications in Older Adults (DAE)			✓	<ul style="list-style-type: none"> Added a required exclusion for members who died during the measurement year. Added a direct reference code for palliative care. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Deprescribing of Benzodiazepines in Older Adults (DBO)			✓	<ul style="list-style-type: none"> This is a first-year measure.
Use of Opioids at High Dosage (HDO)	✓	✓	✓	<ul style="list-style-type: none"> Clarified that the measure is reported as the “percentage” of members. Added a direct reference code for palliative care. Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Use of Opioids From Multiple Providers (UOP)	✓	✓	✓	<ul style="list-style-type: none"> Clarified that the measure is reported as the “percentage” of members. Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.

HEDIS MY 2023 Measures	Applicable to:			Changes for HEDIS MY 2023
	Commercial	Medicaid	Medicare	
				<ul style="list-style-type: none"> Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Risk of Continued Opioid Use (COU)	✓	✓	✓	<ul style="list-style-type: none"> Clarified in the “Event/diagnosis” criteria that required exclusions are not a step. Added a direct reference code for palliative care. Added a required exclusion for members who died during the measurement year. Revised the “Other” criteria in the Nonclinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>. Revised the “Required exclusions” criteria in the Clinical Components table under <i>Rules for Allowable Adjustments of HEDIS</i>.
Medicare Health Outcomes Survey (HOS)			✓	<ul style="list-style-type: none"> This measure is collected using survey methodology. Detailed specifications and summary of changes are contained in <i>HEDIS Volume 6: Specifications for the Medicare Health Outcomes Survey</i>.
Fall Risk Management (FRM)			✓	<ul style="list-style-type: none"> This measure is collected using survey methodology. Detailed specifications and summary of changes are contained in <i>HEDIS Volume 6: Specifications for the Medicare Health Outcomes Survey</i>.
Management of Urinary Incontinence in Older Adults (MUI)			✓	<ul style="list-style-type: none"> This measure is collected using survey methodology. Detailed specifications and summary of changes are contained in <i>HEDIS Volume 6: Specifications for the Medicare Health Outcomes Survey</i>.
Physical Activity in Older Adults (PAO)			✓	<ul style="list-style-type: none"> This measure is collected using survey methodology. Detailed specifications and summary of changes are contained in <i>HEDIS Volume 6: Specifications for the Medicare Health Outcomes Survey</i>.
Medical Assistance With Smoking and Tobacco Use Cessation (MSC)	✓	✓	✓	<ul style="list-style-type: none"> Updated survey question numbers.
